

Make every step count.

LUXURIOUS WOOD FINISH

To ensure an absolutely premium finish, BOS Products has hand-picked this vinyl flooring range for its natural wood grain and texture that is perfect for both residential & commercial settings. As usual, we have prioritized quality, bringing you UV Protected & water resistant vinyl tiles, with an extra thick 0.5mm wear layer, to last the test of time. Available in four different colours, our dry-back vinyl tiles come together seamlessly to give any room a clean, sophisticated finish.

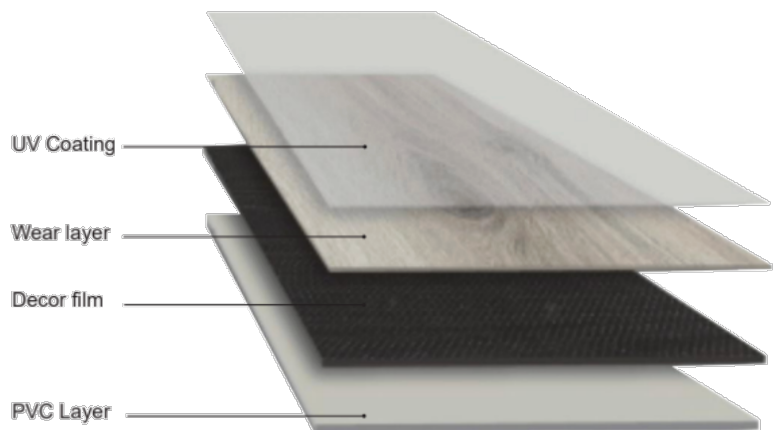

BOS FLOORS

CROSS SECTION

Dry Back. Glue Down. UV Resistant.

At BOS, our mission is to provide you [quality products at competitive prices](#). Our BOS Flooring Range has been custom manufactured to increase longevity, featuring an extra thick wear layer that ensures our flooring range offers more durability than standard products. Our sun resistant coating helps preserve the colour & integrity of our floors and our natural wood texture helps you achieve that luxury interior finish. This is how BOS has worked to bring you a premium product.
